

# Garden Master Greenhouse

# Solexx™

## Garden Master includes:

- Twin-wall Solexx™ panels.
- Heavy-duty composite frame: Rust, corrosion and mildew free.
- Two double-tiered bench frames: Full-length. 29" deep. Holds 500 lbs. each.
- Two full-length hanging rods: Holds 200 lbs. each.
- Sturdy built-in base: Requires no foundation.
- 12" Louver w/ auto opener.
- Lockable door.
- Easy-to-assemble steel fittings.
- 10-year limited warranty.

## **Extra Height for Taller Plants**

This spacious Garden Master greenhouse has 6'6" tall outer walls and a gable that peaks at 8'9" for ample room to trellis plants like cucumbers and tomatoes. With four bench frames, each able to support 500 pounds of distributed weight, and two hanging rods, you will be amazed at how much room you have to nurture and grow your favorite flowers, herbs, and vegetables.

## Model/Size Specifications:

- G-508 8'W x 8'L x 8'9"H
- G-512 8'W x 12'L x 8'9"H
- G-516 8'W x 16'L x 8'9"H
- G-524 8'W x 24'L x 8'9"H
- G-508x 8'W x 8'L x 8'9"H Extension

## **Most Economical to Heat**

Independent tests prove Solexx provides better insulation than even 8mm triple-wall polycarbonate. Plants thrive while you save on energy costs.

## **The Best Light for Plants**

Solexx diffuses light evenly throughout the greenhouse eliminating hot spots and shadows. This additional light exposure increases the plant's photosynthesis, creating more energy and more robust, healthy growth.

## **Extremely Durable**

Solexx offers a 10-year warranty with an even longer life expectancy. It withstands snow, wind, and hail and won't fade or yellow over time. Best of all it requires little maintenance.

## **Cutting-Edge Framing**

Solexx frames offer the strength of steel without rust and corrosion. This pultruded, composite material was created to replace steel-beam construction in bridges! The white, reflective color won't cast shadows, which contributes to the superior light quality.

## **Greenhouse Bench Frames and Hanging Rods Included**

Each roomy, full-length frame holds up to 500 lbs, so you can pack your greenhouse with plants. Steel-reinforced hanging rods run the length of the greenhouse giving you the perfect spot to overwinter your hanging baskets (optional wire shelving available).
